## Players Behaviour

There have been some reports to me that some Junior Players have been running around the school or climbing on school property before and during trainings.

Can I take this opportunity to ask parents to remind their child that this sort of behaviour is not acceptable and will no longer be tolerated by the coaches or the WWFC Junior Committee. We have been training at Nicolson Ave P/S for over 30 years and do not want to jeopardise this relationship with the school by players behaviour. If things get broken we could be liable for the damage.

Thanks
